Forecast for Friday 09 Dec 2022

Weather: Dry and clear overnight, perhaps some low level mist and freezing fog patches. Then a dry day with long spells of sunshine, especially through the morning with a little more cloud in the afternoon. Risk of one or two light snow showers in the evening.

Chance of cloud-free hill tops above 600m: Close to 100% through much of the day, chances fall a little through the evening.

Low cloud and visibility: Little or no cloud below the summits until evening with visibility very good or excellent, perhaps a kilometre or less in any low level mist and fog patches and any evening snow showers.
